The Behavior Therapy Training Institute (BTTI)

As a non-profit organization, the International OCD Foundation (IOCDF) is a donor supported organization that produces OCD education and programming for professionals, and the community. In 1995, the IOCDF launched the Behavior Therapy Training Institute (BTTI) which is an in-depth, three-day intensive training course in cognitive behavior therapy (CBT) for mental health professionals who are treating individuals with obsessive compulsive disorder (OCD) and related disorders.

Over the past 20+ years the BTTI has been extremely successful and has continued to grow in popularity, often selling out within minutes of opening registration. Due to the popularity of the program, the IOCDF has continued to expand the BTTI to offer additional training opportunities every year, which includes the Introduction to OCD BTTI (General), the Pediatric OCD BTTI, and an Advanced Forum (for those who have completed a General BTTI or have equivalent experience).

Who Attends the BTTI?

The BTTI sessions are attended by a highly engaged audience of independently licensed mental health professionals who currently treat OCD and/or related disorders. Each training hosts a maximum of 35 professional attendees, and includes a faculty of world renowned OCD specialists. We limit the number of slots to maintain more individual attention, increased participation, and better communication between the instructor and students.

Why Sponsor a BTTI?

The BTTI is the perfect place to showcase your organization to a targeted audience of professionals within the OCD and related disorders community. Our comprehensive training hosts up to 35 professionals whom you can target with your organization’s messaging in a relevant and highly engaging environment.

In addition to supporting the educational programming, as a sponsor you can provide attendees with additional opportunities to connect, such as evening events and special receptions. We consistently receive feedback from attendees conveying the value of these networking events.

“"It has been quite an honor to serve as a sponsor for the BTTI. The quality of the trainings is superb. We have heard over and over again from the attendees that it was the best training they have ever been to. Our organization has benefited from the relationships we have been able to establish with both BTTI faculty and attendees."

**BTTI Sponsorship Benefits**

As a sponsor your organization will:

- Support a BTTI in your area with designated reserved spots for your community
- Have the chance to interact face-to-face with attendees throughout three days of training
- Be able to present and distribute information about your organization and services that attendees can take home, thus extending your reach to the OCD community far beyond the training itself
- Promote your organization’s products and services to training attendees, which they may then share with their patients
- Network with key organizations and professionals in the OCD community
- Gain broad reach and exposure through visibility on the IOCDF website and emails
- Benefit from a lasting partnership with a highly respected and recognized non-profit.
